*All students at Sterling High School will learn and achieve a high level of academic achievement exceeding the New Jersey Core Curriculum Content Standards at all grade levels and national standards. We commit to a comprehensive system of support to assure this outcome.*

June 15, 2016

Dear Parent/Guardian & Community Members:

As you know, Sterling High School will undertake major construction projects beginning this summer. These projects will continue over the next three summers. The maintenance and building upgrades will correct significant facility problems in the school building and on school grounds. Roof replacement, HVAC, electrical system improvements, and other interior and exterior projects will commence soon after graduation on June 17, 2016. There should be no change in the academic calendar for 2016-2017. All projects will be completed around student instruction time.

Starting on Monday June 20, 2016, areas of the school campus will be closed to visitors. Exterior athletic fields and tennis courts will be closed for the entire summer of 2016. Please visit our website at [www.sterling.k12.nj.us](http://www.sterling.k12.nj.us) for day to day updates by clicking on **Building Construction Information**. We will post daily and weekly updates where the proper entrance and exit into the high school will be assigned. Mr. Sheehan, Principal, will keep the community updated through twitter posts @sterlingtv19 and other forms of social media.

Sterling High School's administration is determined to provide the safest environment for students, staff and community during these important construction projects. Please call Mr. Sheehan at 856-566-4168 if you have any questions. Thank you for your time.

Sincerely,

Mark Napoleon  
Superintendent/Principal
